

PRESS RELEASE

Adaro for Indonesia

Adaro Collaborates with MoEMR and the Army to Donate Rp5 Billion to Victims of Cianjur Earthquake

Jakarta, 1 Desember 2022 – PT Adaro Energy Indonesia Tbk (Adaro), in collaboration with the Ministry of Energy and Mineral Resources (MoEMR), has made a donation of Rp5 billion under the “Adaro for Indonesia” program to be distributed by the Indonesian Army to the victims of the recent earthquake in Cianjur. The donation was presented today (1/12) by the company’s President Commissioner Mr. Edwin Soeryadjaya and President Director Mr. Garibaldi Thohir to the Chief of Staff of the Indonesian Army General Dudung Abdurachman, witnessed by MoEMR Secretary General Mr. Rida Mulyana, at the Army Headquarter in Jakarta.

Adaro’s President Director Mr. Garibaldi Thohir said, “In this condition, we must work together and synergize our efforts to support the government in handling the disaster. By collaborating with MoEMR and the Army, we hope our donation will contribute to handling the disaster and accelerating the recovery of the impacted victims.”

MoEMR Secretary General Mr. Rida Mulyana expressed his appreciation to Adaro for the donation, “We greatly appreciate Adaro’s gesture to help the victims of the recent earthquake in Cianjur. Disaster handling and post disaster recovery are our shared responsibility. The success of disaster handling relies on the synergy and cooperation of many parties. We hope more parties will follow Adaro’s step to give the best support in time of disaster.”

At the same venue, the Army’s Chief of Staff General TNI Dudung Abdurachman stated, “We extend our gratitude to Adaro and MoEMR for the commitment and concern in supporting the disaster handling in Cianjur. We will use this donation for medicines and medical equipment and facilities, which are very much needed.”

Since the earthquake on 21 November 2022, the number of victims has been rising. This disaster has also severely damaged hospitals, and more supply of medicines and health facilities is needed. Therefore, the entire Rp5 billion donation from Adaro will be allocated to provide medicines and medical equipment and facilities for the impacted hospitals to provide the necessary treatments for the victims.

Adaro has been supporting the government in handling various disasters in Indonesia. Previously from the beginning of 2020 to the end of 2021, under its “Adaro Berjuang untuk Indonesia” (“Adaro Fights for Indonesia”) program, the company collaborated with many parties to help accelerate the handling of the COVID-19 pandemic in Indonesia, with total donation of around Rp102 billion, which consisted of donation for medical workers, 28 units of ambulances, oxygen concentrator, oxygen home, PCR laboratory and free vaccines for the community.
